WE HAVE:

- PC workstations with easy internet access.
- Computerized inventory that gives fast and accurate answers.
- A nationwide locating service, so if we don't have the part we can help you locate it.
- A digital camera that allows us to send you pictures of our parts and their condition.
- An excellent sales staff with over 90 years of combined automotive knowledge and experience.

Our inventory on line at www.y-yard.com

OUR FIRST WAREHOUSE

OUR FIRST YARD TRUCK

MIKE NOLAN, OWNER

A LITTLE BIT OF HISTORY

The Y-Yard, originally named after a nearby Y intersection, began in 1956 under the ownership of Robert Siefken. At that time the Y-Yard's main business was rebuilding vehicles and selling used parts was only a side line. On July 1, 1970, I bought the business from Mr. Siefken. The purchase included 60 acres of ground, 900 older model cars, a 100 year old barn, a house trailer and a body shop. The early years were a constant struggle. By putting all profits back into the business we were able to update buildings, and equipment and we were able to get rid of the junkyard appearance.

Today, more than 30 years later, the Y-Yard has 4 buildings on its premises. Our 60x80 foot state of the art dismantling plant comes equipped with 3 inground hoists, an overhead crane, 4 work bays, and a wash bay. We have 35,000 square feet of warehouse space for housing our recycled parts indoors. Our delivery fleet consists of 2 flat bed trucks, a 2001 Dodge stake bed, and several pick-up trucks to make our free delivery as efficient as possible. With the latest equipment and technology we are able to give our customers quick & accurate information.

As the needs of our customers are constantly changing we are always trying to stay abreast of what changes we need to make in order to fill our customers needs. Customer Satisfaction is our 1st Priority. Over the years we have been very blessed with great employees and loyal customers. We are confident that our excellent service and our quality parts are what keep our customers coming back. Thank you so much for giving us the opportunity to serve you. We hope to always make your experience with quality, used, OEM parts pleasant and profitable.

Sincerely,

TAKE A TOUR OF OUR STATE OF THE ART FACILITY

ENGINES AND TRANSMISSIONS

With over 800 engines and 1000 transmissions in stock, we pre-test and start each one so that we can offer you our unbeatable 12 month/12,000 mile parts and labor warranty on most engines and transmissions.

TRUCK BEDS AND FRONT ENDS

We sell complete truck beds and front ends or we sell bed sides, fenders, hoods, bumpers, headlights, taillights, etc. We have new take-off truck beds and used truck accessories such as camper shells, hitches, and bed liners.

DISMANTLING PLANT

Prior to being dismantled, every vehicle passes through our inventory lane, where all parts are thoroughly examined. Next, it moves through our dismantling lane where the parts are removed and the quality of these parts are double checked before placed in the warehouse.

DOORS AND DECKLIDS

All sheet metal is inventoried according to hourly damage and the area the damage is located. We calculate 1 hour damage as equivalent to the size of your hand and deduct \$40 per hour of damage. Our accurate description of the quality of our parts has given us an outstanding reputation that is second to none.

GLASS PRODUCTS

We offer a variety in glass products. We sell:

- Door Mirrors
- Back Glass
- Quarter Glass
- T-Tops
- Windshields
- Door Glass
- Vent Glass

WHERE WE HAVE ALL PARTS FOR SOME CARS....

....SOME PARTS FOR ALL CARS

STEEL AND ALUMINUM WHEELS

With over 3,000 wheels in stock, we offer fair and competitive prices. All of our wheels are pre-spun for quality assurance, and are priced according to insurance grade. We honor any competitors price, plus you won't have to hassle with a core charge.

WHEEL COVERS, TIRES & SUSPENSION

It's not hard to find the used tire or wheel cover you need, since we have hundreds of sizes and styles in stock. We also carry a large selection of quality used suspension parts such as: Spindles, Hubs, Brake Drums & Rotors, Lower and Upper Control Arms, Struts, Cross Members, Sub Frames, Beam Axles, Steering Gears, and Rack & Pinions.

DRIVE TRAIN PARTS

Besides engines and transmissions, we also sell two-wheel drive and four-wheel drive parts: Rear Axle Assemblies, Front Axle Assemblies, Carriers, Transfer Cases, Axle Shafts, Drive Shafts, and Hub and Bearings.

COOLING COMPONENTS

We stock hundreds of: Radiators, Condensers, Compressors, AC/Heater Controls, Blower Motors, Fan Blades, and Engine Cooling Fan Motors.

ELECTRICAL COMPONENTS

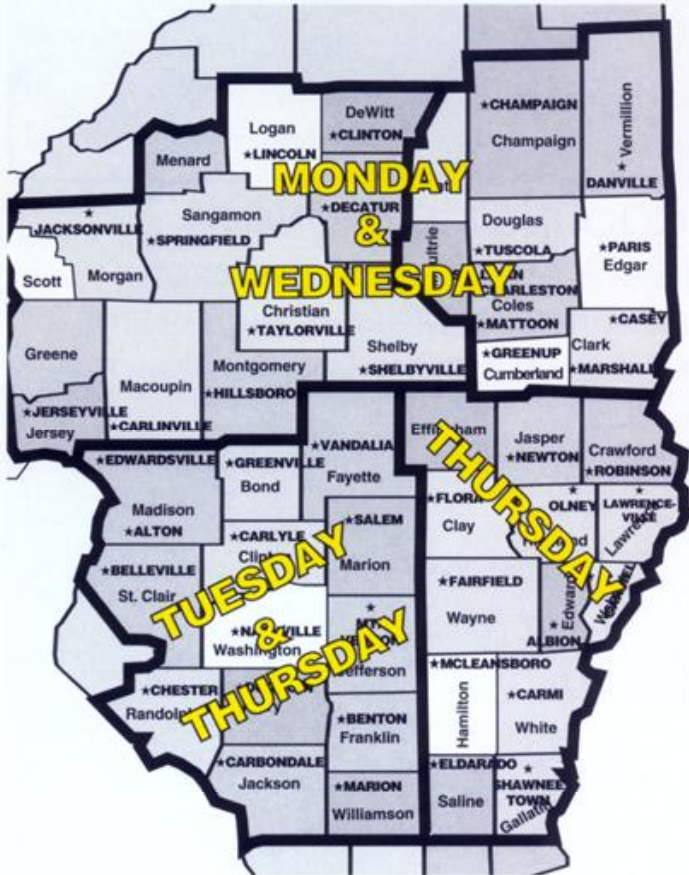

Like this rack full of radios, all of our electrical parts are tested before they are removed from the vehicle and placed on the shelf.

Other electrical components include: CD Players, Computers, Air Bags, Alternators, Starters, Door Window Motors, Window Regulators, and Wiper Motors.
